

tensor_fields::trace
_rank2_tensor

```
graph LR; A["tensor_fields::trace_rank2_tensor"] --> B["matrix_module::trace"]
```

A diagram showing a mapping from a tensor field trace to a matrix module trace. On the left, a gray rectangular box contains the text "tensor_fields::trace_rank2_tensor". A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "matrix_module::trace". Both boxes have a black border.
